Custom, cost effective payment solutions for businesses who accept or are looking to accept credit cards.

Merchant Services : Credit Card Payment Processing

Better Pricing

CardConnect's rates are optimized so you'll receive the lowest rate possible for every transaction

Omni-Channel Acceptance

Accept payments via a virtual terminal, countertop terminal, point-of-sale system, mobile app/device and eCommerce plugins

PCI Compliance

There's no need to complete cumbersome questionnaires to remain compliant - CardConnect's interchange optimization reduces your PCI scope

In-House Support

Dedicated 24/7 support (no matter the day or holiday) is a guarantee

Security You Can Count On

CardConnect's patented tokenization and PCI-certified point-to-point encryption creates peace of mind when accepting all card types

Faster Funding

Funds are automatically deposited into your bank account the next business day, so you no longer have to wait for checks to clear.

Real-Time Reporting

Get a high level overview of your payments in real-time, or drill into each transaction to perform refunds, voids or resend and reprint receipts

Easy Agreement

We don't believe in contracts, so you'll never have to sign one
